To Whom It May Concern,

I am writing to wholeheartedly recommend Mirza Muhammad Wali Baig for admission to your esteemed university. Having taught and mentored him for almost four years in the Institute of Business and Health Management at Dow University of health sciences, I am confident that he possesses the exceptional qualities necessary to excel in your academic community.

Wali Baig is an outstanding student with a strong academic record, boasting a remarkable GPA of 3.5. Beyond academic achievements, he would definitely exhibit a genuine passion for his chosen field as he did when he started off with his BBA, and actively engages in research and scholarly pursuits. His contributions to our department have been invaluable, and he has received certificates in recognition of his dedication for building communication and interpersonal skills for his peers by helping in chartering a Toastmaster's International club for his university.

Moreover, Wali Baig is not only an exceptional scholar but also a leader and team player. He has excelled in university recreational activities and leadership society, as the vice president of Entrepreneurial and Corporate Society, he demonstrates effective communication, collaboration, and organizational skills. His positive impact on our academic environment extends to organizing career fairs, industrial trips, webinars, and personal development workshops, where he actively contributes and demonstrates exceptional leadership skills.

In conclusion, I am confident that Mirza Muhammad Wali Baig will flourish in your Master's Degree Program. His intellect, dedication, and interpersonal skills make him a standout candidate for your university. If you require further information or have any questions about Wali Baig's qualifications, please do not hesitate to contact me at Ghayas.tahir@duhs.edu.pk.

To Whom It May Concern,

I am university lecturer at IBHM, and I have found Mirza Muhammad Wail Baig as a hardworking and dedicated student. He had never been part of any political group or lobby up to my knowledge. I acknowledged that he has very cooperative & cheerful person.

After his graduation, he used to come to pay regards to his teachers including myself & always offered his help in any capacity. During his student life he was an energetic & passionate student, having composed personality. He was a student who used to focus on his own work & research, also had a collaborative approach while working in groups. He possesses good communication skills & has a tendency to persuade others with logical arguments.

He was Vice President and President of Corporate & Entrepreneurial Society & also served as VP Education at Dow's IBHM Toastmasters Club (Institute of Business and Health Management-DUHS). He was amongst founding members of the club. He participated in Toastmasters Competitions at Area & Division level & won awards as well. He was an obedient student & never engaged in any misconduct during his university life. His is from educated family & decent background. Wali has a tendency to grab new concepts & having an intellectual mind. He always performed well in exams, projects & presentations. I recommend him for the program he has applied for. As far as I know him, he can prove himself an excellent candidate/student of your University. He used to adhere to principles of integrity while performing any task having an element of research. He has a capacity to think independently & rarely accept influence of others. I taught him three courses & observed him for four years. I didn't find any negative aspect related to his professional or student life.
